MBBS in Georgia

Study at Grigol Robakidze University

If you dream of becoming a globally recognized doctor, Georgia offers an excellent opportunity for Indian and international students. Among the top choices is Grigol Robakidze University, located in the vibrant capital city of Tbilisi. The university is a private institution, recognized by the Ministry of Education and Science of Georgia and approved by the Ministry of Health of Georgia. It has earned a reputation for providing high-quality medical education at an affordable cost, combining modern infrastructure with internationally recognized standards. Grigol Robakidze University offers a six-year MD program, which is equivalent to the MBBS degree in India. The program is conducted entirely in English, making it accessible for students from around the world. The curriculum consists of five years of academic study followed by a one-year clinical internship, providing students with both theoretical knowledge and hands-on medical training.

Key Highlights of the MBBS/MD Program

- **Degree Awarded:** MD (Doctor of Medicine) equivalent to MBBS in India.
- **Duration:** 6 years (5 years' academic study + 1-year clinical internship).
- **Medium of Instruction:** English, ideal for international students.
